

## Referees 2006

© Springer-Verlag France 2006

Through their evaluation of manuscripts the referees greatly contribute to the scientific standard of our journal. As a sign of our appreciation of this unselfish activity, we have decided to publish a list of referees every year. The following referees reviewed manuscripts published in the *Journal in Computer Virology* in 2006:

- Frederik Armknecht  
Lehrstuhl Theoretische Informatik, Universität  
Mannheim, Mannheim, Germany
- Boaz Barak  
Department of Computer science,  
University of Princeton, USA
- Christophe Bidan  
Ecole Supérieure d'Electricité de Bretagne, Rennes,  
France
- Guillaume Bonfante  
LORIA, Nancy, France
- Guiliano Casale  
Politecnico di Milano, Milano, Italy
- EICAR 06 Program Committee.  
European Institute for Computer Antivirus  
Research, Neubiberg, Germany
- Vlasti Broucek  
(EICAR Scientific Director and Program Chair),  
School of Information Systems,  
University of Tasmania, Australia
- Paul Turner,  
School of Information Systems,  
University of Tasmania, Australia
- Knut Eckstein  
NATO, NC3A CISD INFOSEC& CRYBER  
DEFENSE
- Prof. John Healy  
Department of Computing and Mathematics,  
Galway-Mayo Institute of Technology, Galway,  
Ireland
- Prof. Peter Herrmann  
NTNU, Trondheim, Norway
- Guillaume Hiet  
Ecole Supérieure d'Electricité de Bretagne, Rennes,  
France
- Sebastien Josse  
Alliance Qualité Logiciel, Rennes, France
- Engin Kirda  
Technical University, Vienna, Austria
- Jérôme Lebegue  
Ecole Supérieure d'Electricité de Bretagne, Rennes,  
France
- Prof. Jean-Yves Marion  
LORIA, Nancy, France
- Phillippe Painchaud  
Laboratoire de cryptographie, Thalès  
Communications, Colombes, France
- Daniel Reynaud, Plantey  
Laboratoire de cryptologie et de virologie, ESAT  
Rennes
- Prof. Robin Sommer  
ICIR/ICSI, USA
- Dirk Stegemann  
Lehrstuhl Theoretische Informatik, Universität  
Mannheim, Mannheim, Germany
- Cedric Tavernier  
Laboratoire de cryptographie, Thalès  
Communications, Colombes, France
