Back in November, [Paul Davidson](#) popped into his local Starbucks coffee shop and ended up in line right behind Mr. T. Unlike me, Mr. Davidson actually knew ahead of time what he was going to ask the former A-Team heavy. And the answer was worth waiting for. (Via [TV Squad: Mr. T likes espresso, fool!](#))

Mr. T has not disappeared from the scene entirely, however. [TV Land](#) announced [[pdf](#)] last September a new reality show starring the former A-Team heavy tentatively titled *I Pity The Fool* (capital “The” for some reason). [More recent coverage](#).
