

The history of the RichEdit control from Murray Sargent

 devblogs.microsoft.com/oldnewthing/20070111-20

January 11, 2007

Raymond Chen

Murray Sargent is a programmer over in the Office division whose blog deals mostly with math in Office, but he also slips into RichEdit history. If you can't get enough of a history fix from this web site, you can surf on over to Murray's for another hit.
