We had Best of Craig's List. We had Lamebook. Now we have Tweeting Too Hard, “where self-important tweets get the recognition they deserve.”

Examples:

The people who say I'm arrogant and shallow don't see me when I'm at home with my wife.
Did I mention that she's a former swimsuit model?

How was it I got invite to last yrs White House Xmas party when Bush was prez; and nothing this year? I guess I must try harder 2 be fab.
